WHY SHOULD YOU BE INTERESTED?

1. You would be honoring the memory of those forefathers who helped set the pattern for our great democracy.

2. You would enter into the fellowship of people who share a common history and ancestry in the passengers of the Mayflower.

3. By joining the Society of Mayflower Descendants, your genealogical record would be filed in a secure place.

4. Having your records on file with the Society, it would be easier for your descendants to establish their genealogical lines. It would be a gift to your descendants to do this for them now. Make your family heritage available to them.

5. Through the programs of the Society history can be made to come alive for you.

6. This is an era of mobility. If you should move to a new locality, your membership can be transferred. This would enable you to meet new people more quickly and easily, and thus, become better acquainted in your new home. It could be your own Welcome Wagon, so to speak.

7. As a member, you would receive the *Mayflower Quarterly*, which provides up-to-date information on new discoveries in family lineages.

8. As a member, you may take an active part in the State Society and its three-colony (Pittsburgh area, Erie area, Harrisburg area) activities.

FOR FURTHER INFORMATION

The General Society of Mayflower Descendants is a federation of fifty-two State Societies, consisting of the fifty states, the District of Columbia and Canada.

If you have questions about the Society of Mayflower Descendants in your state, or would like more details about membership requirements, write to:

Stacy B.C. Wood, Jr.
